Rheumatism

A Remarkable Home Treatment Given By One Who Had It.

In the Spring of 1893 I was attacked by Munguiar and Sub-Acute Rheumatism. I suffered as only those who have it know, for over three year. I tried remedy after remedy, and .oc. to rafter doctor, but such retief as I received was only temporary. Finally, I found a treatment that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatiem, some of them 70 to 80 years old, and results were the same as in my own case.

I want every suffered from such forms of rheumatic trouble to try this marvelous healing power. Don't send a cont: simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly estimated to send it. Iam't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.
